

YOUTH OF INDIA'S SUSTAINABLE & ECO-FRIENDLY PRODUCTS

About Us

Welcome to the heart and soul of change – the Youth of India Foundation's sustainable and eco-friendly merchandise collection!

We are a beacon of hope, driven by a passionate mission to empower marginalized girls, boys, and resilient Naxal women through skill-building and training programs. Our commitment to sustainability is ingrained in every stitch, weave, and creation, fostering a community dedicated to nurturing the environment and uplifting lives.

At Youth of India Foundation, we don't just curate merchandise; we craft stories of resilience, empowerment, employment and sustainability. Our eco-friendly products are more than just items; they are a testament to our dedication to reducing the consumption of single-use plastic and promoting nature-based solutions.

Every piece from our collection carries the essence of empowerment, woven into the fabric by the hands of those whose lives have been transformed through our programs, amplifying Being Vocal for Local. These creations embody the stories of perseverance, skill, and determination of individuals who strive to make a difference, one sustainable product at a time.

Join us on this journey towards a greener, more inclusive future. Together, let's make a profound impact on the planet and the lives of those who are the backbone of our sustainable movement. With every purchase, you become an advocate for change, enriching lives, protecting the environment, and building a more equitable society.
