What Our Past Interns Have To Say

Vanshika Singh

Youth of India Foundation, Intern

The past eight weeks here have been an incredible experience. My work has spanned everything from conducting research to participating in impactful field initiatives. This journey has been both inspiring and educational, and I am truly grateful for the opportunity to learn and grow through these meaningful experiences. Thank you to the Youth of India Foundation for making it so rewarding!

Eera Bahety

Intern, Project Management

My time here has been truly enriching, offering me the opportunity to create reports on various programs and engage in field visits to the Yol Skill Center. Meeting the beneficiaries firsthand provided me with valuable insight into how these initiatives bring tangible, positive change. The dynamic and purpose-driven office environment was equally inspiring. I learned a great deal from my fellow interns and our Founder, Mr. Sailesh Singhal. This experience has been a remarkable journey of growth and learning!
